THE PRINTING PROCESS

created especially for...

{You} *Wedding Design &*  
**Invitations**

The first step of the design process involves a short questionnaire form and brief phone consultation. This allows Anna to learn more about your wedding and personal style. It is important to discuss your vision in detail so that the design concepts reflect your personal style and fulfill your every wish. Feel free to send samples, photos and visual examples during the initial consultation phase.

After you choose your package option and is approved based on your questionnaire, Anna Hatcher Design then provides a project agreement with pricing and guidelines. Upon approval and receipt of the signed project agreement, design and production will begin. The total time frame for wedding designs are 3-6 weeks, rush orders of 1-2 weeks may be accommodated for an additional fee of \$100.

During this time, we will be in regular contact about wording and any additional information I may need and for proofing and revisions. Look forward to being a part of this special time in your life!
